

The Wine List

At the Pig and Butcher, our ethos is to work where possible with predominantly independent, small batch and sustainable wine makers from across the world. But there are exceptions where some winemakers are larger but make absolutely beautiful wines with just as much attention to detail “ We are proud to present a list which reflects this. It features some of the best wines from family-owned vineyards and as important we are buying from merchants that we have used for the last 30 years

We understand that we can't put together a list that suits everyone's taste and so we also know that you may have purchased wines that you wish to bring to us and drink at The Pig & Butcher. The charge per 750ml Bottle of still white or red wine is £30.00 and £35.00 for 750ml sparkling wine or Champagne

**Please note, our wine list changes regularly, some wines and vintages may change*

CORAVIN WINE BY THE GLASS

The Coravin Wine Preservation System is designed to pour wine without removing the cork. The non-coring Coravin needle gently passes through corks without displacing cork material. Once the needle is removed, the cork simply expands back to its normal shape. As wine is extracted through the needle, it is replaced with pure Argon gas, ensuring oxygen never touches the remaining wine, keeping it as fresh as the day it was bottled.
